Founded by a Western Montana native, "the Cowboy Way" permeates the culture of the Manley Group and can help your company shatter the paradigm "the traditional way."

Who We Are
 Manley Group is a Montana corporation with offices in multiple states serving clients around the globe.
 Manley Group realizes competitive advantages for our clients by applying forward-thinking technologies, processes and strategies that improve productivity, increase revenue performance and raise profitability.
 Manley Group combines over fifty years of project management expertise with over one hundred years of integration and development services to offer our customer's superior technology strategies and solutions.

Team
 At Manley Group, we know that the success of our clients depends on the leadership and execution from experienced, innovative individuals who can create solutions that address the unique technological and business requirements of every project. Therefore, we've built our highly focused team around specialists in **Strategic Thinking, Telecommunications and Premise Systems Technology, Application Development and Integration and Process Engineering.**
